

Test-04 2023

Test Booklet Series

C

GENERAL STUDIES (P) 2023 – Test – 3788

Time Allowed: Two Hours

Maximum Marks: 200

Geography – III

Economic and Human Geography -World

- Economic Geography of the world:
primary, secondary, tertiary, quaternary
and quinary activities
- Human Geography of world
- World Population, Distribution & Density,
Races & Tribes, Settlement & Migration

Economic and Human Geography India

- Agriculture
- Land Resources
- Water Resources
- Mineral and Energy Resources
- Industries
- Transport and Communication
- Foreign Trade
- Population, Migration, Settlements

DO NOT OPEN THIS BOOKLET UNTIL YOU ARE ASKED TO DO SO

1. Which of the following statements is/are correct about methane hydrate?
 1. It is a cage-like lattice of ice that consists of methane.
 2. It exists under low temperature and high pressure.
 3. It is found in onshore deposits in the permafrost of northern Canada and Russia.

Select the correct answer using the code given below.

 - (a) 2 only
 - (b) 3 only
 - (c) 1 and 2 only
 - (d) 1, 2 and 3

2. Which of the following industrial regions are classified as major industrial regions?
 1. Gurugram- Delhi- Meerut Region
 2. Prayagraj-Varanasi-Mirzapur Region
 3. Northern Malabar Region
 4. Kollam Thiruvananthapuram Region

Select the correct answer using the code given below.

 - (a) 2 and 3 only
 - (b) 1 and 4 only
 - (c) 1, 3 and 4 only
 - (d) 1, 2 and 3 only

3. Blue-collar workers are associated with which of the following activities?
 - (a) Primary activities
 - (b) Secondary activities
 - (c) Quaternary activities
 - (d) Quinary activities

4. Consider the following statements about the settlements in equatorial regions:
 1. Equatorial regions are inhabited by Bedouin, Pygmies, and Orang Asli tribes.
 2. Most primitive people live as hunter-gatherers and collectors.

Which of the statements given above is/are correct?

 - (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2

5. Consider the following statements:
 1. Brown coal is used as a fuel in steam-electric power generation.
 2. Bituminous coal is of higher quality than Anthracite.
 3. Bituminous Coal has the fewest impurities and higher carbon content of all types of coal.

Which of the statements given above is/are correct?

 - (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 1 only
 - (d) 3 only

6. Which of the following given condition is/are **not** an ideal condition for the good harvest of wheat?
 1. It requires a rainfall of 75 to 100 cm.
 2. Light loamy soil.
 3. Winter temperature of 10° to 15° C and summer temperature of 21°C to 26°C during ripening.

Select the correct answer using the code given below.

 - (a) 2 and 3 only
 - (b) 1 and 3 only
 - (c) 1 only
 - (d) 3 only

7. Consider the following pairs:

Major Port	:	Country
1. Hamburg	:	Germany
2. Antwerp	:	Netherland
3. Baltimore	:	USA
4. Havana	:	Brazil

Which of the pairs given above are **not** correctly matched?

 - (a) 1 and 4 only
 - (b) 2, 3 and 4 only
 - (c) 1 and 3 only
 - (d) 2 and 4 only

8. Consider the following statements about pastoral nomadism:

1. In Prairies, pastoral nomads rear llamas.
2. In the arctic and sub-arctic, reindeer is the most important animal reared by pastoral nomads.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

9. Consider the following statements regarding the White Spot Syndrome Virus (WSSV):

1. White spot disease is a DNA-based highly contagious viral infection.
2. The virus infects only crustaceans.
3. At present, there is no treatment available to interfere with the unrestrained occurrence and spread of the disease.

Which of the statements given above are correct?

- (a) 1, 2 and 3
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1 and 3 only

10. The process of 'sub-urbanisation' is related to:

- (a) Mushrooming of slums in urban areas.
- (b) Construction of planned gated communities within urban areas for middle and upper class people.
- (c) People moving away from congested urban areas to cleaner areas outside the city for better quality of living.
- (d) Emergence of mega cities or megalopolis.

11. With reference to the distribution of coal across continents, consider the following pairs:

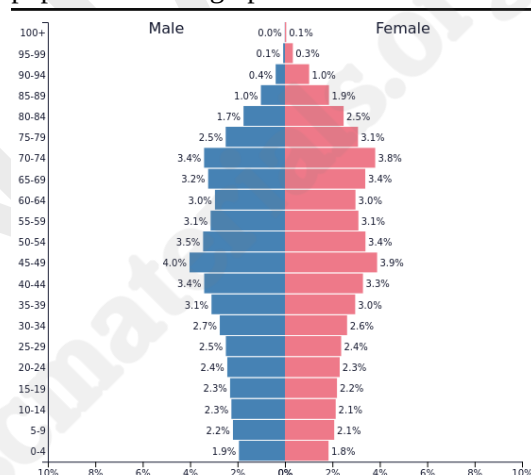

Major Coalfield **Continent**

1. Ruhr : Europe
2. Singareni : Asia
3. Santa Catarina : North America
4. Wankie : Africa

Which of the pairs given above are correctly matched?

- (a) 1 and 2 only
- (b) 1, 2 and 4 only
- (c) 1 and 3 only
- (d) 2 and 4 only

12. In the context of the age-sex population pyramid, consider the following graph. It represents which of the following country's population demographic?

- (a) Somalia
- (b) Ethiopia
- (c) Japan
- (d) Pakistan

13. Consider the following pairs:

Age sex pyramid **Representative Population**

1. Triangular Pyramid with flat base : Expanding population
2. Bell shaped pyramid : Declining population
3. Narrow base with tapered top : Constant population

Which of the pairs given above is/are correctly matched?

- (a) 1 only
- (b) 2 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

14. Consider the following statements regarding the EXIM Bank:
1. It was established under the Reserve Bank of India Act, 1934.
 2. It extends Lines of Credit only to exporters and importers in India.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
15. Which of the following is/are push factors for migration?
1. Unpleasant climate
 2. Natural disasters and epidemics
 3. Better job opportunities
 4. Peace and stability
- Select the correct answer using the code given below.
- (a) 1 and 2 only
(b) 3 and 4 only
(c) 3 only
(d) 1, 2, 3 and 4
16. Consider the following statements:
1. Kalahandi and Sambalpur are the leading producers of this mineral ore.
 2. It is associated with laterite rocks occurring extensively either on the plateau or hill ranges of peninsular India and also in the coastal tracts of the country.
 3. It is not specifically a mineral but a rock consisting mainly of hydrates.
- Which of the following mineral ores is being described in the above statements?
- (a) Galena
(b) Cuprite
(c) Bauxite
(d) Rock Salt

17. One of the important achievements of the Indian Railways has been the construction of the Konkan Railway in 1998. It is a 760 km long rail route connecting important states of our nation. Which one of the following states is **not** part of the Konkan Railways network?
- (a) Maharashtra
(b) Karnataka
(c) Goa
(d) Tamil Nadu
18. Consider the following statements:
1. Ferry ports are exclusively concerned with the transportation of passengers and mail across water bodies covering short distances.
 2. Naval Ports are ports which have only strategic importance.
 3. Entrepot Ports are collection centers where the goods are brought from different countries for import.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1 only
(d) 1 and 3 only
19. Consider the following statements regarding the Lingaraj Temple:
1. It is dedicated to Lord Shiva.
 2. It is a classic example of the Kalinga style of architecture.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

20. Which of the following categories of land use have registered an increase in the area under them due to land-use changes in the country?

1. Area under forest
2. Net area sown
3. Barren and wasteland
4. Area under pastures
5. Fallow lands

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 2, 3, 4 and 5 only
- (c) 1, 3 and 5 only
- (d) 1, 3, 4 and 5 only

21. Consider the following statements with reference to the cropping intensity (CI):

1. It is the ratio of Gross Cropped Area and Net Sown Area.
2. The demand for labour increases significantly if we deploy technology to increase the output from limited land.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

22. Which of the following are the features of intensive subsistence farming?

1. High population pressure on land
2. Labour intensive
3. Heavy mechanization to increase crop production
4. High yield per unit area with low per labor productivity

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 4 only

23. Which of the following industries are categorized as a weight-losing raw materials-based industry?

1. Iron and Steel Industry
2. Pulp Industry
3. Sugar mills Industry
4. Cotton textile Industry
5. Petrochemical Industry

Select the correct answer using the code given below.

- (a) 1, 2 and 3 only
- (b) 2 and 4 only
- (c) 2, 3 and 4 only
- (d) 1 and 5 only

24. Consider the following statements regarding demographic transition theory:

1. It can be used to predict the future population of any area.
2. The lower birth and death rates are characteristics of urban, industrial, and literate societies.
3. It explains demographic transition in two stages.

Which of the statements given above is/are correct?

- (a) 2 and 3 only
- (b) 3 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

25. Recently, Cabinet Committee on Economic Affairs approved the distribution of fortified rice across Government Schemes by 2024. In this context, consider the following statements:

1. The entire cost of rice fortification for distribution across Government Schemes would be borne by the Centre.
2. In India, rice is commonly fortified with iodine.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

26. These types of industries are heavy industries, often located near coal fields and engaged in metal smelting, heavy engineering, chemical manufacture, or textile production.

Which of the following types of industries has been best described in the passage given above?

- (a) High-tech
- (b) Foot Loose
- (c) Smokestack
- (d) Small-scale

27. Consider the following statements with regard to the cultivation of rice:

1. Clayey black soil in which water can remain standing is ideal for rice.
2. It requires moderate temperature and high humidity with annual rainfall above 100 cm.
3. About one-fourth of the total cropped area in the country is under rice cultivation.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 3 only
- (d) 1 and 3 only

28. Which of the following statements best describes the 'The Poison Pill Strategy' sometimes mentioned in the news recently?

- (a) It is a treatment method of an infectious disease caused by virus.
- (b) It is a type of kill switch which can be used to control increasing NPA.
- (c) It allows existing shareholders to purchase additional shares in a company at a discount.
- (d) It is strategy to control the highly pathogenic avian influenza.

29. Consider the following statements about the Trans-Siberian Railway:

1. It is the longest railway route in the world.
2. It runs from Moscow in Russia to Tokyo in Japan.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

30. Consider the following statements:

1. South Africa is the largest steel-producing country in Africa.
2. Loraine has the largest iron-ore reserve in Europe.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

31. Consider the following statements about Mediterranean agriculture:

1. It is a highly commercialized farming.
2. It is only practiced in the Mediterranean region.
3. Viticulture is a specialty of Mediterranean agriculture.
4. Fruits and vegetables are grown in the winter season.

Which of the above statements is/are correct?

- (a) 4 only
- (b) 2 and 4 only
- (c) 2 only
- (d) 1, 3 and 4 only

32. Which of the following is/are the features of different types of rural settlement patterns?
1. Circular pattern of development around cities
 2. Star-like pattern develops where several roads converge
 3. Rectangular patterns develop around lakes
- Select the correct answer using the code given below.
- (a) 2 and 3 only
 - (b) 1 and 3 only
 - (c) 2 only
 - (d) 1, 2 and 3
33. Consider the following pairs with reference to types of farming:
1. Truck farming: Practice of growing one or more vegetable crops on large scale for distant markets.
 2. Factory farming: Livestock, particularly Poultry and cattle rearing in stalls and pens with manufactured feedstuff and veterinary care for them.
 3. Mixed farming: Putting equal emphasis on the different crops at the same time.
- Which of the Pairs given above is/are correctly matched?
- (a) 1, 2 and 3
 - (b) 2 and 3 only
 - (c) 3 only
 - (d) 1 and 2 only
34. Consider the following cities:
1. Bhubaneswar
 2. Patna
 3. Varanasi
 4. Jaipur
 5. Kota
- National highway network under Golden Quadrilateral passes through which of the above major cities of India?
- (a) 1, 2, and 3 only
 - (b) 2, 4 and 5 only
 - (c) 1, 3 and 4 only
 - (d) 1, 2, 3, 4 and 5

35. Which of the following country hold the largest shale gas reserve in the world?
- (a) China
 - (b) USA
 - (c) Argentina
 - (d) Mexico
36. Consider the following pairs:
- | <i>Shifting agriculture</i> | <i>State</i> |
|-----------------------------|------------------|
| 1. Pamlou | : Manipur |
| 2. Bewar | : Madhya Pradesh |
| 3. Kuruwa | : Jharkhand |
| 4. Penda | : Andhra Pradesh |
- Which of the pairs given above are correctly matched?
- (a) 1, 2 and 4 only
 - (b) 2 and 3 only
 - (c) 1 and 4 only
 - (d) 1, 2, 3 and 4
37. Consider the following statements regarding Anthracite coal:
1. It is harder and more lustrous than another type of coal.
 2. Almost 50 percent of the world's total coal is anthracite.
 3. Pennsylvania anthracite field located in South America.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 1 only
 - (d) 1 and 3 only

38. Consider the following statements with reference to the irrigation systems in India:
1. Minor irrigation projects have both surface and groundwater as their source while major and medium projects mostly exploit surface water resources.
 2. Drip irrigation, spray or micro-sprinkler irrigation and bubbler irrigation belong to the furrow irrigation category of irrigation methods.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
39. Which of the following statement is **not** correct with respect to the features of extensive commercial grain cultivation?
- (a) It is practised in the interior parts of semi-arid lands of the midlatitudes.
(b) Wheat is the principal crop, though other crops like corn, barley, oats and rye are also grown.
(c) Size of the farm is very large, therefore entire operations of cultivation from ploughing to harvesting are mechanised.
(d) There is a high yield per acre with a high yield per person.
40. Consider the following statements with regards to the footloose Industries:
1. They are largely dependent on component parts which can be obtained anywhere.
 2. Footloose industries significantly contribute to pollution in the region.
 3. These industries should be located in remote areas.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

41. Consider the following statements regarding the 'SVANidhi se Samriddhi' program:
1. It is a Central Sector Program launched under the Ministry of Micro, Small & Medium Enterprise.
 2. It aims to provide social security benefits to daily wage workers.
 3. Quality Council of India is the implementing partner of the program.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
(b) 3 only
(c) 2 only
(d) 2 and 3 only
42. Which of the following factors causes an increase in the population density of a particular place?
1. Economic opportunities
 2. Fertile soil
 3. Landforms
 4. Emigration
- Select the correct answer using the code given below.
- (a) 1 and 2 only
(b) 1 and 4 only
(c) 2, 3 and 4 only
(d) 1, 2 and 3 only
43. Consider the following statements with reference to mica:
1. India has a near-monopoly in the production of mica, producing more than half of the world's total production.
 2. In India, Rajasthan has the largest deposits of mica.
 3. Mica has a unique combination of elasticity, toughness, flexibility, and transparency and therefore is mainly used in the electronic industry.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
(b) 1 only
(c) 1 and 3 only
(d) 2 and 3 only

44. Consider the following statements regarding Manganese:
1. It is used for the manufacture of bleaching powder and pesticides.
 2. Brazil is the world's largest producer of Manganese ore.
 3. Japan is the largest buyer of Indian Manganese.
- Which of the statements given above is/are correct?
- (a) 2 only
 - (b) 2 and 3 only
 - (c) 1 only
 - (d) 1 and 3 only
45. Which of the following raw materials are essential for the iron and steel industry besides iron ore and coking coal?
1. limestone
 2. dolomite
 3. manganese
 4. fireclay
- Select the correct answer using the code given below.
- (a) 1, 2 and 4 only
 - (b) 1, 3 and 4 only
 - (c) 2 and 3 only
 - (d) 1, 2, 3 and 4
46. Consider the following statements:
1. Its main aim is to produce crops by using modern inputs to obtain higher productivity and to keep the cost of production low.
 2. It is generally practiced in areas of a sparse population.
 3. It can be either intensive or extensive.
- Which of the following forms of farming is being described in the above statements?
- (a) Mixed fanning
 - (b) Subsistence fanning
 - (c) Commercial fanning
 - (d) Nomadic farming
47. The 'J form' sometimes mentioned in the news recently is related to
- (a) the rehabilitation of war victims.
 - (b) the sale receipt of a fanner's agricultural produce in mandis.
 - (c) the implementation of PM Shram Yogi Mandhan Yojana.
 - (d) the identification of migrant workers.
48. *It is a large peninsula that bridges the continents of Europe and Asia. It shares a political boundary with Bulgaria in the Northwest. Dardanelles, the Sea of Marmara, and the Bosphorus Strait divide the country into two unequal parts.*
- Which of the following countries is being described by the above-given passage?
- (a) Greece
 - (b) Cyprus
 - (c) Turkey
 - (d) Romania
49. Consider the following statements with reference to copper:
1. India is self-sufficient in copper reserves for its need.
 2. In India, the largest copper deposits are mainly located in Odisha.
 3. Mining copper is a costly and tedious affair as copper ores contain a small percentage of metal.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 and 3 only
 - (c) 1 and 3 only
 - (d) 3 only

50. With reference to India's solar power energy targets, consider the following statements:
1. India currently ranks second in terms of installed solar power capacity.
 2. Since 2011, India's solar sector has grown at a compounded annual growth rate of more than 50%.
 3. India has set a target of achieving a total installed capacity of 300GW by 2030 under the Jawaharlal Nehru National Solar Mission.

Which of the statements given above are correct?

- (a) 1, 2 and 3
- (b) 1 and 2 only
- (c) 1 and 3 only
- (d) 2 and 3 only

51. Consider the following pairs:

Crop	Climatic region
1. Sugarcane	Temperate grasslands
2. Olive	Mediterranean
3. Cocoa	Equatorial region

Which of the pairs given above is/are correctly matched?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 3 only
- (d) 2 only

52. With reference to sweet crude, consider the following statements:

1. It does not contain sulfur.
2. It requires less energy to be extracted and once extracted, yields higher-quality gasoline.
3. Venezuela is a leading producer of sweet crude.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 3 only
- (c) 1 and 3 only
- (d) 2 only

53. Consider the following statements with respect to the Kolkhoz model of farming:

1. It was introduced in communist China.
2. It is concerned with both cooperative and collective farming.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

54. Which of the following statement is **not** correct with reference to pulses?

- (a) Pulses occupy about more than one-tenth of the total cropped area in the country.
- (b) India is the largest producer as well as the consumer of pulses in the world.
- (c) All pulses help in restoring soil fertility by fixing nitrogen from the air.
- (d) Rajasthan, Maharashtra and Madhya Pradesh are the major pulse-producing state in the country.

55. Consider the following pairs:

Tribes	Occupation
1. The Bindibu	: Nomadic Herdsmen
2. The Bushmen	: Primitive hunters and collectors
3. The Gobi Mongols	: Caravan Traders

Which of the pairs given above is/are correctly matched?

- (a) 3 only
- (b) 2 and 3 only
- (c) 1 only
- (d) 2 only

56. Which of the following statements is/are correct regarding the Indian Tent Turtle, sometimes mentioned in the news recently?

1. It is protected under Schedule-I of the Wild Life (Protection) Act, 1972.
2. It is categorized as least concern on the IUCN red list.
3. It is found only in the Narmada River in Madhya Pradesh.

Select the correct answer using the code given below.

- (a) 1 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1 and 2 only

57. Considering the northernmost point of each of the following states, arrange them from north to south.

1. Rajasthan
2. Gujarat
3. Madhya Pradesh
4. Odisha

Select the correct answer using the code given below.

- (a) 1-3-2-4
- (b) 1-3-4-2
- (c) 3-1-2-4
- (d) 3-1-4-2

58. Consider the following statements with regard to plantation farming:

1. This type of agriculture is best developed in steppes, Prairies and Pampas.
2. Fazendas are large coffee plantations in Brazil.
3. In this type of farming, multiple plantation crops are grown in the same area.

Which of the statements given above is/are correct?

- (a) 2 only
- (b) 1 and 2 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

59. Consider the following statements with reference to Agro-Climatic regions of India:

1. National commission on agriculture (1971) classified the country into 15 agro-climatic zones.
2. Division of the country into 15 broad agro-climatic zones by the 7th Planning Commission is based on physiography and climate.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

60. Which of the following are non-ferrous metallic minerals?

1. Copper
2. Bauxite
3. Mica
4. Cobalt
5. Graphite

Select the correct answer using the code given below.

- (a) 1, 2 and 4 only
- (b) 3, 4 and 5 only
- (c) 1, 2 and 5 only
- (d) 1, 2, 3, 4 and 5

61. Consider the following statements about growth and development:

1. Growth is a quantitative concept whereas development is a qualitative concept.
2. Growth is value positive whereas development is value-neutral.
3. Positive growth always leads to development.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 only
- (c) 1 only
- (d) 1, 2 and 3

62. Consider the following pairs:

Major Oil field		Country
1. Burgan	:	Iran
2. Sugar Loaf	:	Brazil
3. Kashgan	:	Venezuela

Which of the pairs given above is/are correctly matched?

- (a) 2 only
- (b) 1 and 3 only
- (c) 1 only
- (d) 1, 2 and 3

63. Chennakeshava Temple was recently in the news. It is located in:

- (a) Tamil Nadu
- (b) Karnataka
- (c) Andhra Pradesh
- (d) Kerela

64. Which of the following energy resources are considered commercial and non-conventional energy sources?

- 1. Natural Gas
- 2. Charcoal
- 3. Wind
- 4. Solar power

Select the correct answer using the code given below.

- (a) 3 and 4 only
- (b) 1 and 3 only
- (c) 1, 3 and 4 only
- (d) 2 and 4 only

65. Yamburg, Shtokman, and Urengoy are important locations in Russia associated with which of the following minerals?

- (a) Gas
- (b) Oil
- (c) Uranium
- (d) Coal

66. Consider the following statements:

- 1. More than half of the world's oil reserves are located in the Middle East.
- 2. Venezuela has the second-largest amount of oil reserves in the world after Saudi Arabia.
- 3. Ghawar is the world's biggest conventional onshore oil field located in Kuwait.

Which of the statements given above is/are correct?

- (a) 1 and 3 only
- (b) 1 and 2 only
- (c) 2 only
- (d) 1 only

67. Consider the following statements regarding the PM-DAKSH Yojna:

- 1. It is a skill development scheme from the Ministry of Skill Development and Entrepreneurship.
- 2. The National Safai Karamcharis Finance & Development Corporation is one of the implementing agency of the Scheme.
- 3. Under this, eligible target groups are provided with the skill development training programs on short-term basis only.

Which of the statements given above is/are correct?

- (a) 1 and 3 only
- (b) 2 only
- (c) 1 and 2 only
- (d) 2 and 3 only

68. Which of the following statement is **not** correct with reference to coal reserves and their production in India?

- (a) In India, Anthracite type of coal is found only in Jammu and Kashmir.
- (b) Jharia is the largest coal field in India followed by Raniganj.
- (c) In India about 80 percent of the coal deposits in India is of bituminous type and is of non-coking grade.
- (d) In India coal occurs in only one rock series of geological age namely Gondwana.

69. Consider the following statements:
1. Crude petroleum occurs in sedimentary rocks of the tertiary period.
 2. Hydraulic fracturing is a drilling method used to extract petroleum from deep in the Earth.
 3. Eastern offshore region has the highest share of estimated crude oil reserves in India.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

70. Consider the following pairs with respect to primitive subsistence agricultural practices:

Agricultural Practice	Region
1. Jhumming	: South East Asia
2. Milpa	: Central America and Mexico
3. Ladang	: Australia and New Zealand

Which of the pairs given above is/are correctly matched?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 only
- (d) 1, 2 and 3

71. At its source in Switzerland, it flows along the boundary of France and Germany and drains Germany and the Netherlands, and has its mouth near the North Sea.

Which of the following inland waterways is being described in the above passage?

- (a) Danube
- (b) Mississippi
- (c) Volga
- (d) Rhine

72. Which of the following countries shares a land border with Kuwait?

1. Iraq
2. Iran
3. Saudi Arabia
4. Bahrain
5. Qatar

Select the correct answer using the code given below

- (a) 1, 2 and 4 only
- (b) 2 and 3 only
- (c) 3, 4 and 5 only
- (d) 1 and 3 only

73. Consider the following statements with reference to coal bed methane (CBM):

1. It is an unconventional form of natural gas formed during the process of coalification.
2. China remains the world leader in CBM exploration and production.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

74. Consider the following statements with regard to millets grown in India:

1. Rajasthan is the major producer of jowar in the country.
2. Jowar can be grown in both Kharif and rabi crops.
3. Bajra grows well on sandy soils and shallow black soil.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 3 only
- (d) 1 and 3 only

75. Consider the following statements regarding the Ramjet Engine Technology:
1. It uses the vehicle's forward motion to compress incoming air for combustion with the help of a rotating compressor.
 2. It efficiently operates at hypersonic speeds and allows supersonic combustion.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
76. Which of the following data parameter is **not** used while measuring Human Development Index (HDI) by United Nations Development Programme (UNDP)?
- (a) Gross domestic product per capita at purchasing power parity
(b) Life expectancy at birth
(c) Mean of years of schooling for adults aged 25 years and more
(d) Expected years of schooling for children of school entering age
77. Consider the following statements regarding the geomagnetic storm (GMS):
1. It is a disturbance in the earth's magnetosphere.
 2. It is categorized based on the intensity of the solar flares.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

78. Kiel Canal is an important waterway in which of the following countries?
- (a) Germany
(b) Italy
(c) Egypt
(d) Iran
79. With reference to the Iron and Steel Industry, consider the following pairs:
- | Steel Plant | Iron Ore Source |
|-------------------------|---------------------------------|
| 1. Rourkela Steel plant | : Noamundi mine |
| 2. Bhilai Steel Plant | : Dalli-Rajhara mine |
| 3. Durgapur Steel Plant | : Sundargarh and Kendujhar mine |
- Which of the pairs given above is/are correctly matched?
- (a) 3 only
(b) 2 only
(c) 1 and 3 only
(d) None
80. Consider the following statements with reference to Water resource utilization:
1. The waters of lagoons and backwaters are generally brackish and not suitable for irrigation.
 2. Share of the industrial sector in surface water utilization is more than the share of the domestic sector in it.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

81. Which of the following statements is **not** correct regarding seaweeds?
- (a) They help in trapping and removing heavy metals found in marine ecosystems.
 - (b) They heavily rely on iron for photosynthesis.
 - (c) They form dense underwater forests known as kelp forests.
 - (d) They are the primitive, marine flowering algae with root, stem and leaves.
82. Recently, RBI released guidelines on the establishment of Digital Banking Units (DBUs), in this context which of the following statements is correct?
- (a) All domestic scheduled commercial Banks Including Regional Rural Banks with past digital banking experience are permitted to open DBUs.
 - (b) Each DBU will be treated as a banking outlet.
 - (c) It can not provide for cash withdrawal and deposits.
 - (d) It will facilitate only KYC updation and complaint registrations.
83. Arrange the following Iron ore mines of India from north to south direction.
- 1. Bailadila
 - 2. Mayurbhanj
 - 3. Ballari
 - 4. Durg
- Select the correct answer using the code given below.
- (a) 2-4-3-1
 - (b) 4-2-1-3
 - (c) 2-4-1-3
 - (d) 4-2-3-1

84. Consider the following statements with regards to the rural settlements in India:
- 1. Clustered Settlements are generally found in fertile alluvial plains and in the northeastern states.
 - 2. Semi-Clustered Settlements are widespread in the Gujarat plains and some parts of Rajasthan.
 - 3. Dispersed Settlements are generally found in areas of Meghalaya, Uttarakhand, Himachal Pradesh, and Kerala.
- Which of the statements given above are correct?
- (a) 1 and 3 only
 - (b) 2 and 3 only
 - (c) 1 and 2 only
 - (d) 1, 2 and 3
85. Consider the following statements with regards to maize production in India:
- 1. Maize cultivation is concentrated only in the central and northern parts of India.
 - 2. Maize grows well in old alluvial soils.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
86. It is a type of agriculture where you will see crop specialization, large capital investment, and scientific methods of cultivation. Managerial and technical support, large estates or plantations, cheap labor, and good connectivity to the export market. Identify the type of agricultural practice mentioned in the above description.
- (a) Plantation agriculture
 - (b) Commercial grain cultivation
 - (c) Mediterranean agriculture
 - (d) Co-operative farming

87. Which of the following statements is/are correct with reference to manganese?

1. It is an important raw material for the smelting of iron ore.
2. Manganese deposits are found only in the Dharwar system of geological formations.
3. Sundergarh and Kalahandi are the important mines of manganese located in Karnataka.

Select the correct answer using the code given below.

- (a) 1 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

88. Consider the following pairs with respect to agricultural practices and associated regions:

<i>Agricultural practice</i>	<i>Region</i>
1. Primitive subsistence agriculture	: Subtropical region
2. Mixed farming	: Equatorial region
3. Collective farming	: Western Europe

Which of the pairs given above is/are **not** correctly matched?

- (a) 1 and 3 only
- (b) 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

89. Consider the following statements:

1. The Northern Atlantic Sea Route connects New York and London.
2. It is also known as Big Trunk Route.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

90. Consider the following statements regarding the sunflower production in India:

1. Its contribution to Indian oilseed production is less than 5%.
2. It is grown in kharif and rabi seasons across the country.
3. Maharashtra is the highest sunflower-producing state in India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 3 only
- (c) 1 and 3 only
- (d) 1 only

91. Which of the following measures were initiated under the New Industrial Policy of 1991?

1. Abolition of industrial licensing.
2. Free entry to foreign technology.
3. Introduction of the phased manufacturing program.
4. Liberalised industries related to atomic energy.

Select the correct answer using the code given below.

- (a) 1, 2 and 3 only
- (b) 1 and 2 only
- (c) 2, 3 and 4 only
- (d) 1, 3 and 4 only

92. Which of the following statements is correct regarding the Account Aggregator (AA) network?

- (a) It is an initiative of private sector banks in India.
- (b) It is an Aadhaar based eKYC system for banking purposes.
- (c) It aggregate banking data of a person and create a detailed profile.
- (d) Registering with an AA is fully voluntary for consumers.

93. Consider the following statements regarding the HELINA Missile:
1. It is third generation fire and forget-class anti-tank guided missile system.
 2. It can engage targets in both direct hit mode as well as top attack mode.
 3. It is the helicopter-launched version of the SANT missile.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
(b) 3 only
(c) 2 only
(d) 1 and 3 only
94. In the context of demographic dividend, 'age dependency ratio' is best defined as the ratio of dependents of which age groups?
- (a) people younger than 18 to the working-age population.
(b) people younger than 15 to the working-age population.
(c) people younger than 18 or older than 59 to the working-age population.
(d) people younger than 15 or older than 59 to the working-age population.
95. Consider the following statements with respect to population across the continents:
1. Asia has the highest population growth rate in the world.
 2. Europe is the second most populous continent.
- Which of the statements given above is/are **not** correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

96. Consider the following pairs:
- | Sanctuary | State |
|--------------------------------|-----------------|
| 1. Bakhira Wildlife Sanctuary | : Uttar Pradesh |
| 2. Vedanthangal Bird Sanctuary | : Kerala |
| 3. Khijadia Wildlife Sanctuary | : Gujarat |
- Which of the pairs given above is/are correctly matched?
- (a) 1, 2 and 3
(b) 1 and 3 only
(c) 1 only
(d) 2 and 3 only
97. Consider the following statements with regards to the land resource categorization:
1. Permanent pastures land is used to grow grasses or other herbaceous forage that is not included in the crop rotation.
 2. Majority of permanent pasture land comes under common property resources.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
98. Consider the following pairs:
- | Hydropower Project | River |
|---------------------------|--------------|
| 1. Rihand Dam | : Betwa |
| 2. Salal Dam | : Chenab |
| 3. Mettur Dam | : Kaveri |
| 4. Hirakud Dam | : Mahanadi |
- Which of the pairs given above are correctly matched?
- (a) 3 and 4 only
(b) 2 and 3 only
(c) 1 and 4 only
(d) 2, 3 and 4 only

99. Consider the following statements with reference to atomic minerals:

1. Uranium is not found in hilly areas of India.
2. Thorium is mainly obtained from ilmenite in the beach sands along the coast of Karnataka.
3. Some uranium is found in the copper mines of Udaipur in Rajasthan.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 3 only
- (c) 1 only
- (d) 2 and 3 only

100. Conurbation is best defined as the

- (a) reduction in the size of a city.
- (b) expansion of a city into nearby villages.
- (c) urban development by merging of existing separate towns.
- (d) degradation of big cities into slums and villages.
